**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have the chance to use Sonic.net a competitive provider, they have been my ISP for many years. In the past I have been forced to use a large ISP that provided mediocre internet service and terrible customer service. Sonic also provides a very competitive high quality telephone service, which when combined with the high quality internet service allows my small contracting business to have a robust presence on the internet and enjoy trouble free communications. I couldn't be happier with my competitive phone and internet provider, I wish everyone had the option to choose between mediocre conglomerate and a high quality local provider, I'm glad I do.
